"WE HAD A STRING OF ARMED ROBBERIES THAT BEGAN SUNDAY NIGHT." ALL OF THESE CONVENIENCE STORES HELD UP WITHIN MINUTES OF EACH OTHER. "IN EACH OF THE ROBBERIES WE HAD THE SUSPECT WAS BAREFOOT." THEN AGAIN ON MONDAY NIGHT THIS GAS STATION ON 14TH STREET WEST WAS HIT AS WELL. "WE ACTUALLY DID FIND SOME FLIP FLOPS OUTSIDE ONE OF THE STORES SO WE CAN ASSUME THAT MAYBE HE LOST HIS SHOES." MANATEE COUNTY SHERIFF'S OFFICIALS THINK THEY GOT THEIR BAREFOOT BANDIT, 19 YEAR OLD PATRICK JONES. "OUR DETECTIVES RECEIVED A CALL THIS MORNING FROM THE SUSPECTS PATRICK JONES'S MOTHER." SHE RECOGNIZED THESE PICTURES. INVESTIGATORS QUICKLY WENT TO THEIR HOME TO ARREST JONES. "DIDN'T NOTICE IF HE HAD HIS SHOES ON WHEN WE CAUGHT HIM." SO THE BARE FOOT BANDIT IS LOCKED UP. ALISA ADLER LANDAU IS REALLY SUFFERING FROM HER ALLERGIES... ESPECIALLY THIS YEAR. SO SHE HAS A SIMPLE SOLUTION:"STAYING INDOORS WITH AIR CONDITIONING IS THE BEST. I JUST HAVE IT ON ALL THE TIME I NEVER SHUT IT OFF." AND THAT'S THE RIGHT IDEA FOR SOMEONE LIKE HER! AIR CONDITIONING IS EXTREMELY IMPORTANT FOR PATIENTS WITH ALLERGY AND ASTHMA. WE RECOMMEND THAT EVERYONE WITH ALLERGY AND ASTHMA KEEP THEIR WINDOW SHUT DURING THE POLLEN SEASON AND USE AIR CONDITIONING SO THAT POLLENS ARE NOT COMING INTO SOMEONE'S BEDROOM OR INTO THE CAR WE DEFINITELY RECOMMEND CLOSING THE WINDOW AND USING THE AIR CONDITIONER." THE PROBLEM IS WHEN THE AIR CONDITIONER ISN'T CLEAN. "YOU CAN IMAGINE THAT AN AIR CONDITIONER THE FILTER IS FILTERING AIR THAT IS COMING INTO THE HOME, WHAT YOU'RE BREATHING. SO IF YOU HAVE DIRTY FILTERS ARE YOU BASICALLY BREATHING AIR THAT IS CONTAMINATED." NOW, PROVIDED YOU KEEP IT CLEAN, CONTINUOUSLY RUNNING THE AIR CONDITIONER CAN LOWER THE MOISTURE ENOUGH TO PREVENT THE GROWTH OF MOLD, A COMMON ALLERGEN. BUT RUNNING AN AIR CONDITIONER WITHOUT PROPER CLEANING CAN CONTAMINATE IT WITH MOLD- -ANOTHER REASON WHY FILTERS ON AIR CONDITIONERS SHOULD BE SCRUBBED REGULARLY. HAROLD WISSNER, AN AIR CONDITIONING EXPERT, SAYS AN OCCASIONAL DETAILING JOB ON YOUR UNIT IS BEST. "CHANGING THE FILTER PERIODICALLY, HAVING THE UNIT CHECKED ONCE A YEAR, TO SEE WHAT CONDITION IT IS, AND WHEN NECESSARY HAVE THE MACHINE BROUGHT IN FOR CLEANING AND OVERHAUL, GET EVERYTHING WORKING EFFICIENTLY AGAIN. OTHERWISE IF YOU

DON'T DO IT, THE MACHINE LOOKS LIKE THIS. THIS IS ALL POLLUTANTS AND GERMS WHICH YOU'RE BREATHING INTO THE SYSTEM. "IN MY OPINION PEOPLE SHOULD BE CLEANING OUT THEIR AIR CONDITIONERS METICULOUSLY THEY SHOULD BE CHANGING THEIR FILTERS AT LEAST ONCE OR TWICE A YEAR TO MAKE SURE THEY AREN'T EXPOSED TO ANY OF THE DIRT AND OTHER THINGS THAT MIGHT ACCUMULATE IN THE FILTERING SYSTEM." "IT'S NOT THAT HARD YOU JUST OPEN IT UP CLEAN OUT THE DUST AND THROW IT IN THE GARBAGE." AND WITH IT, HER ALLERGIES.

ROBERTA HAGEN SAYS SHE'S ALWAYS UNCOMFORTABLE. SINCE HER LATE THIRTIES, SHE'S SUFFERED FROM OSTEOARTHRITIS: A DETERIORATION OF THE JOINTS. IT CAUSES SWELLING, STIFFNESS AND LOTS OF PAIN. "IT'S A DULL, CONSTANT ACHING PAIN, IT NEVER GOES AWAY." OSTEOARTHRITIS WAS ONCE THOUGHT OF AS A CONDITION OF THE ELDERLY, BUT PHYSICIANS ARE NOW SEEING IT IN YOUNGER PATIENTS...THE SKYROCKETING RATE OF OBESITY IS ONE BIG REASON WHY. "PEOPLE WHO ARE OBESE HAVE FOUR TIMES AS HIGHER RATE AS KNEE PAIN, THAN THOSE WHO AREN'T OBESE." IF YOU HAVE OSTEOARTHRITIS IN YOUR 30'S CHANCES ARE YOUR WEIGHT, LACK OF EXERCISE OR GENETICS PLAY A ROLE. THE PAIN IS USUALLY IN THE KNEES, BACK, HIPS, FEET OR HANDS. DOCTORS SAY TAKING A HOLISTIC APPROACH IS BEST AT THIS AGE. "THERE'S EXERCISE, WEIGHT LOSS, WHERE APPLICABLE, MEDICATION MANAGEMENT TO ALL THE ALTERNATIVE THERAPIES AS WELL.. ACUPUNCTURE, MEDITATION." IN YOUR FORTIES, WEAR AND TEAR OF THE JOINTS TAKES IT TOLL, ESPECIALLY IN ATHLETES. DOCTORS SAY EVEN WEEKEND ATHLETES IN THEIR 40S CAN SUFFER FROM OSTEOARTHRITIS IF THEY DON'T TAKE THE TIME TO WARM UP AND THEN TRY TO DO TOO MUCH. MORE THAN 20 MILLION AMERICANS HAVE OSTEOARTHRITIS NOW.. AND AS YOU APPROACH YOUR FIFTIES.. AGE IS THE BIGGEST RISK FACTOR.. OTHERS INCLUDE AGING JOINTS, EXCESS WEIGHT AND THE COUCH POTATO SYNDROME. SOME DOCTORS RECOMMEND LIGHT WEIGHT TRAINING, SWIMMING OR MEDITATION FOR MILD CASES. BUT PEOPLE LIKE ROBERTA HAGEN, WHO SUFFER CONSTANTLY, MAY NEED PRESCRIPTION PAIN MEDICATION. THERE'S NO CURE FOR OSTEOARTHRITIS. DOCTORS SAY STAYING ACTIVE IN YOUR EARLY YEARS...AND KEEPING OFF THE POUNDS CAN HELP PREVENT THE CONDITION LATER IN LIFE

FOODS AWAY FROM HOME ARE AN IMPORTANT PART OF OUR NOW, OUR DIETARY INTAKE, AND WE NEED TO BEGIN TO THINK HOW WE'RE GOING TO MANAGE THAT EFFECTIVELY. AMONG THE NEW RECOMMENDATIONS: -- OFFER MORE LOWER CALORIE FOODS AND BEVERAGES -- SHIFT MARKETING - TO PROMOTE THOSE LOWER CALORIE FOODS -- REDUCE PORTION SIZE --AND -PERHAPS MOST CONTROVERSIAL - PROVIDE CALORIE INFORMATION FOR CONSUMERS. I THINK IT WOULD BE HELPFUL IN MAKING CHOICES, BECAUSE SOME THINGS LOOK HEALTHY BUT THEY'RE REALLY NOT. RESTAURANTS SAY THEY ARE ALREADY OFFERING HEALTHIER CHOICES. AT WENDY'S -- CUSTOMERS ORDERING COMBO MEALS CAN SUBSTITUTE YOGURT OR SALAD FOR FRIES. WE'RE FINDING THAT THE MARKETPLACE IS CHANGING AND WE WANT TO BE WITH OUR CUSTOMERS. AS FOR POSTING CALORIE CONTENT, SOME RESTAURANTS DO IT -- BUT THE INDUSTRY CONTENDS THAT WOULD BE EXPENSIVE AND DIFFICULT FOR MANY. AND THEY ARGUE THE REPORT UNFAIRLY TARGETS THE RESTAURANT INDUSTRY. (SOT) STEVEN ANDERSON/PRESIDENT, NATIONAL RESTAURANT ASSOCIATION: AS THE RESTAURANT INDUSTRY, WE HAVE A ROLE TO PLAY IN THIS, BUT AT THE END OF THE DAY, IT'S ABOUT PERSONAL RESPONSIBILITY. BUT SOME RESTAURANTS OFFER CLEARLY UNHEALTHY CHOICES - KNOWING THEY WILL SELL. IT IS JUST IMPOSSIBLE FOR PEOPLE TO REALIZE HOW MANY CALORIES THEY ARE ACTUALLY BEING SERVED. BINGE-DRINKING AND DRUG ABUSE ARE SOME OF THE BETTER-KNOWN HABITS OF STRESSED-OUT COLLEGE STUDENTS. NOW A SELF-MUTILATION ACT CALLED CUTTING CAN BE ADDED TO THE LIST, SAY RESEARCHERS. A SURVEY OF ALMOST 3,000 STUDENTS AT CORNELL AND PRINCETON FOUND THAT 17PER CENT HAD PURPOSELY INJURED THEMSELVES AT LEAST ONCE IN THE PAST 75 PER CENT OF WHOM HAD HURT THEMSELVES MORE THAN TWICE. STUDENTS WHO CUT SAID THEY MOST OFTEN SCRATCHED, BRUISED, OR CUT THEIR ARMS, WRISTS AND HANDS. RESEARCHERS AREN'T SURE EXACTLY WHY PEOPLE ENGAGE IN THIS SELF-DESTRUCTIVE BEHAVIOR, THOUGH IT IS THOUGHT BY SOME TO SIGNIFY AN INABILITY TO DEAL WITH STRESS. CUTTING IN THE STUDY WAS MOST OFTEN REPORTED BY FEMALE STUDENTS, ALONG WITH THOSE WHO WERE QUESTIONING THEIR SEXUAL IDENTITY. STUDENTS WHO CUT THEMSELVES WERE ALSO MORE LIKELY TO HAVE BEEN SEXUALLY OR EMOTIONALLY ABUSED OR TO HAVE EXPERIENCED SEVERE STRESS IN THEIR LIVES. CATCHING SOME RAYS DOESN'T ALWAYS LEAD TO A DEEP DARK TAN, FOR MANY PEOPLE IT CAN RESULT IN A PAINFUL SUNBURN. SO WHAT'S THE BEST TREATMENT? JUST LIKE A BURN FROM THE KITCHEN, ANYTHING THAT COOLS OFF THE SKIN WILL DECREASE THE ACTUAL BURN. THE AMERICAN ACADEMY OF DERMATOLOGY RECOMMENDS TAKING A COOL BATH, USING A MOISTURIZER OR ALOE VERA OR OVER THE COUNTER HYDROCORTISONE CREAM. BUT NOT ALL REMEDIES NEED TO BE TOPICAL. ASPIRIN IS INCREDIBLY HELPFUL WITH A SUNBURN, IT'S AN ANTI-INFLAMMATORY IN THE SKIN SO IF YOU GET A BURN, ASPIRIN IS A GREAT THING TO TAKE ON A REGULARLY SCHEDULED BASIS UNTIL IT CALMS DOWN. SOME DERMATOLOGISTS WARN AGAINST USING PRODUCTS THAT CLAIM THEY MAY RELIEVE THE STING OF A SUNBURN. EXPERTS SAY THEY CAN BE IRRITATING TO THE SKIN AND MAY CAUSE SENSITIVITY TO A BROAD RANGE OF CHEMICALS. A BLISTERING SUNBURN COULD BE A MEDICAL EMERGENCY. IF IT'S ACCOMPANIED BY A HEADACHE, CHILLS OR A FEVER SEE A DOCTOR RIGHT AWAY. FOLLOWING ANY SUNBURN, PROTECT YOUR SKIN - KEEP IT OUT OF THE SUN WHILE IT HEALS AND NEXT TIME, BE SURE TO LATHER UP WITH SUNSCREEN WITH AN SPF OF 30 OR MORE.

WHEN FEMA STARTED HANDING OUT RELIEF CHECKS, THE SCAMMERS CLAIMED THEY SUFFERED PROPERTY DAMAGE AND GAVE FEMA PHONY ADDRESSES SUCH AS POST OFFICE BOXES, UPS STORES, EVEN CEMETERIES. THIS WAS AN ASSAULT ON THE AMERICAN TAXPAYER FIRST AND FOREMOST. THE INVESTIGATORS PROVIDED LAWMAKERS WITH A COPY OF A FEMA CHECK FOR RENTAL ASSISTANCE THAT AN UNDERCOVER AGENT RECEIVED USING A BOGUS ADDRESS. THE MONEY WAS PAID EVEN AFTER FEMA LEARNED THAT THE UNDERCOVER APPLICANT DID NOT LIVE AT THAT LOCATION. FEMA ALSO COULD NOT CONFIRM THAT 750 DEBIT CARDS WORTH OVER A MILLION DOLLARS EVEN WENT TO

KATRINA VICTIMS. SOME CARDS WERE USED FOR A CARIBBEAN VACATION, PROFESSIONAL FOOTBALL TICKETS, STRIP CLUBS, EVEN A SEX CHANGE OPERATION. WE WERE OUTRAGED AND WE HAVE REFERRED TO THE JUSTICE DEPARTMENT ABOUT 7000 CASES FOR CRIMINAL PROSECUTION. FEMA ALSO SENT CHECKS TO PEOPLE WHO REGISTERED SEVERAL TIMES USING THE NAMES OF PRISON INMATES, AND IN SOME CASES, THE INMATES THEMSELVES GOT CHECKS. INVESTIGATORS ESTIMATE THE FRAUD IS BETWEEN 600 MILLION TO 1.4 BILLION DOLLARS BUT THE ACTUAL FIGURE COULD BE MUCH HIGHER SINCE IT DOES NOT INCLUDE CASES OF INSURANCE FRAUD AND OTHER BOGUS CLAIMS.

FISH OIL MAY BE ALL THE RAGE, BUT A NEW STUDY FINDS IT MAY NOT BE AS GOOD FOR YOUR HEART AS SOME BELIEVE. PREVIOUS STUDIES HAVE REPORTED THAT FISH OIL, WHICH CONTAINS OMEGA 3 FATTY ACIDS, COULD DECREASE PROBLEMS FOR PEOPLE WITH HEART DISEASE. HOWEVER SCIENTISTS NOW SHOW THAT THE OILS DO NOT MAKE A DIFFERENCE FOR MANY. A STUDY OF PATIENTS WITH A HISTORY OF SERIOUS HEART PROBLEMS FINDS THAT THOSE TAKING 2 GRAMS OF FISH OIL PER DAY FOR 12 MONTHS WERE JUST AS HEART HEALTHY AS THOSE WHO TOOK PLACEBO CAPSULES. THE OILS HAD NO EFFECT ON THEIR RISK OF HAVING ABNORMAL HEART RHYTHMS, A SERIOUS HEART ATTACK, OR CARDIAC DEATH. CURRENTLY, THE AMERICAN HEART ASSOCIATION RECOMMENDS TAKING ONE GRAM OF OMEGA 3 FISH OIL SUPPLEMENTS EACH DAY FOR PEOPLE WITH HEART DISEASE, AND EATING TWO SERVINGS OF ACTUAL FISH EACH WEEK FOR EVERYONE ELSE. OMEGA 3 FATTY ACIDS COULD STILL BE ABLE TO HELP THE HEARTS OF OTHER TYPES OF PATIENTS, BUT WITH WARNINGS OF FISH MERCURY LEVELS, CONSUMERS SHOULD BEWARE WHEN EATING LOTS OF FISH OR BUYING ANY SUPPLEMENTS. "I PROBABLY WAS MORE THAN 370 POUNDS WHEN I FIRST CAME HERE IN MAY OF 2005// I COULDN'T REGISTER ON THE SCALE." ED WAS HEAVY ENOUGH CERTAINLY FOR A ROUX-EN-Y BYPASS PROCEDURE, WHICH INVOLVES A BYPASS OF THE INTESTINE AND STOMACH STAPLING. BUT HE WAS AFRAID OF SURGERY...AND THE POTENTIAL COMPLICATIONS. SO ALMOST EXACTLY A YEAR AGO, HE OPTED FOR GASTRIC BANDING INSTEAD. IT INVOLVES PLACING AROUND THE TOP PORTION OF THE STOMACH AN ADJUSTABLE BAND THAT CAN BE INFLATED AND MADE PROGRESSIVELY TIGHTER. IT FORCES PEOPLE TO EAT SMALLER PORTIONS OF FOOD. "STAPLING ACTUALLY CREATES A PERMANENT CHANGE TO THE STOMACH, WHERE AS THE BAND IS PLACED ON THE OUTSIDE OF THE STOMACH SO IT IS THEREFORE REVERSIBLE AND IT DOESN'T CHANGE YOUR ANATOMY." BECAUSE IT'S PLACED THROUGH MINIMALLY INVASIVE SURGERY USING LAPAROSCOPES... TINY SCOPES AND INSTRUMENTS PLACED THROUGH SMALL INCISIONS... THE PATIENT IS BACK IN ACTION THE NEXT DAY. AND NOW, THE LATEST RESEARCH IN THE ANNALS

OF INTERNAL MEDICINE SHOWS AFTER TWO YEARS, OBESE PATIENTS WHO GOT BANDING LOST ON AVERAGE 21.6 PERCENT OF THEIR INITIAL BODY WEIGHT... THAT WAS COMPARED TO A GROUP WHO WERE INSTEAD PLACED ON A VERY LOW CALORIE DIET-OPTIFAST AT 500 CALORIES A DAY, THE WEIGHT LOSS DRUG XENICAL, AND DIET AND EXERCISE ADVICE. THAT MEDICALLY TREATED GROUP ONLY LOST 5.5 PERCENT OF THEIR WEIGHT. "THE UNITED STATES MORTALITY OF GASTRIC BANDING IS PROBABLY LESS THAN ONE IN A THOUSAND COMPARED TO ONE IN TWO HUNDRED FOR A GASTRIC BYPASS, SO THEREFORE IT MAKES SENSE TO EXPLORE EXPANDING THE INDICATIONS FOR SURGERY FOR PEOPLE WHO POTENTIALLY ARE OBESE BUT NOT NECESSARILY MORBIDLY OBESE." ED, WHO WAS MORBIDLY OBESE, STILL SAW TREMENDOUS RESULTS WITH THE BANDING PROCEDURE. "I WENT FROM A HIGH OF MAYBE 364 TO 370 I HAVE BEEN AS LOW OF 211, I THINK NOW I AM 218. EVER FEEL LIKE THE WHOLE WORLD IS OUT TO GET YOU? WELL THE WORLD HEALTH ORGANIZATION THIS WEEK SAYS IT MAY WELL BE. THEIR NEW GLOBAL STUDY FINDS THAT ALMOST ONE QUARTER OF ALL DEATH AND DISEASE IS CAUSED BY OUR ENVIRONMENTS. MOST PEOPLE DON'T THINK TOO MUCH ABOUT IT, BUT THE AIR WE BREATHE, THE FOOD WE EAT, HOW CLEAN OUR CITIES AND VILLAGES ARE, AND HOW WE NAVIGATE THROUGH OUR LIVES ALL HAVE A HUGE IMPACT ON OUR HEALTH AND LIFESPAN. THE WHO ESTIMATES THAT 13 MILLION LIVES-- 4 MILLION OF THEM CHILDREN-- COULD BE SAVED BY PREVENTING SUCH RISKS. WORLDWIDE, THE LEADING KILLERS ARE VIRUSES AND BACTERIA THAT CAUSE FATAL DIARRHEA, RESPIRATORY INFECTIONS, AND MALARIA. IN THE UNITED STATES THE CDC HAS FOUND THE ENVIRONMENTAL RISKS ARE LESS LINKED TO DANGEROUS MICROBES AND MORE CONNECTED TO OUR DIETS AND THE WAY WE WORK AND PLAY. TOP US KILLERS ARE HEART DISEASES AND LUNG CANCER, WHICH ARE STRONGLY TIED TO OBESITY AND SMOKING, AND FOR THOSE UNDER 45 YEARS OLD, DEATH BY CAR ACCIDENT TAKES THE MOST LIVES. IT'S BEEN COMMONLY BELIEVED THAT FISH OIL SUPPLEMENTS CAN HELP PREVENT ABNORMAL HEART RHYTHMS. BUT NEW RESEARCH IN THE JOURNAL OF THE AMERICAN MEDICAL ASSOCIATION SHOWS PATIENTS WITH AN IMPLANTABLE CARDIOVERTER DEFIBRILLATOR DID NOT HAVE A SIGNIFICANTLY LOWER RISK OF SERIOUS ABNORMAL HEART RHYTHMS OR DEATH BY CONSUMING FISH OIL SUPPLEMENTS. PATIENTS WERE RANDOMLY ASSIGNED TO RECEIVE 2 GRAMS/DAY OF FISH OIL IN CAPSULES OR PLACEBO CAPSULES FOR AROUND A YEAR ON AVERAGE. THERE WAS NO DIFFERENCE BETWEEN THE TWO GROUPS. THIS WEEK MERCK PRESENTED DATA ON IT'S EXPERIMENTAL DIABETES DRUG CALLED JANUVIA, THE FIRST IN A NEW CLASS OF ORAL MEDICINES FOR TYPE TWO DIABETES. IN FACT, IF APPROVED, IT WOULD BE THE FIRST TYPE TWO DIABETES DRUG APPROVED SINCE 1999. "HAVING A DRUG THAT IS EASY TO TAKE, ORAL, ONCE A DAY, WITH A GOOD SIDE EFFECT PROFILE... MAKES IT EASIER FOR PHYSICIANS TO TREAT THEIR PATIENTS. // ANYTHING THAT HELPS CURB AND TREAT THIS EPIDEMIC IN MY MIND IS A GOOD IDEA." JANUVIA IS THE FIRST OF A NEW CLASS OF DRUGS CALLED DPP-4 INHIBITORS, WHICH WORK BY ENHANCING THE INCRETIN SYSTEM, A NATURAL BODY SYSTEM THAT LOWERS BLOOD SUGAR. WHEN BLOOD SUGAR IS ELEVATED, INCRETINS WORK TO REGULATE HIGH BLOOD SUGAR LEVELS BY TRIGGERING THE PANCREAS TO INCREASE INSULIN PRODUCTION AND SIGNALING THE LIVER TO STOP PRODUCING GLUCOSE. AND SHOULD HUMAN INFANT FORMULAS CONTAIN IRON? A NEW STUDY IN NEUROBIOLOGY OF AGING SUGGESTS THAT PERHAPS, IRON SUPPLEMENTATION OF FORMULAS NEEDS TO BE RECONSIDERED. WITH FORMULA, TWELVE TIMES THE AMOUNT OF IRON IS ABSORBED COMPARED TO WHAT'S ABSORBED FROM HUMAN BREAST MILK. WHEN RESEARCHERS FED MICE THE EQUIVALENT OF IRON SUPPLEMENTATION IN HUMAN FORMULA, THEY DEVELOPED A DEGENERATIVE NEUROLOGIC DISORDER SIMILAR TO PARKINSON'S AS THEY AGED. THE MICE SHOWED AN ACTUAL LOSS OF DOPAMINE-PRODUCING NEURONS. ALL OF THE MICE, BRED FROM THE SAME GENETIC STRAIN, SHOWED SIGNS OF DAMAGE.

RESEARCHERS WITH SUTTER HEALTH OF CALIFORNIA HAVE STUDIED OVER 41,000 NORMAL PREGNANCIES WITH NO PREVIOUS PROBLEMS AND FOUND THAT BIRTHS THAT ARE INDUCED ARE MUCH MORE LIKELY TO END UP AS A C-SECTION THAN THOSE THAT ARE ALLOWED TO BEGIN NATURALLY. IN ADDITION, THEY ALSO FOUND THAT THE EARLIER A MOTHER ARRIVES AT THE HOSPITAL IN LABOR, THE MORE LIKELY SHE IS TO END UP DELIVERING BY SURGERY. THE RESEARCHERS SAY MOST FIRST-TIME MOTHERS GO TO THE HOSPITAL EARLY - AS SOON AS THEIR CONTRACTIONS START, AND THAT WOMEN CAN GREATLY REDUCE THEIR RISK OF HAVING A C-SECTION IF THEY WAIT UNTIL THEY ARE IN ACTIVE LABOR BEFORE GOING TO THE HOSPITAL. C-SECTION DELIVERIES IN THE UNITED STATES HAVE BEEN ON THE RISE, AND SOME ARE CONCERNED THAT THE SHIFT IS UNNECESSARY AND POSSIBLY MORE DANGEROUS FOR THE MOTHER. SCIENTISTS DISCOVERED WHEN RATS TAKE A BREAK WHILE EXPLORING AN UNFAMILIAR AREA, THEIR BRAINS INSTANTLY REPLAY THE INFORMATION THEY'VE JUST GATHERED. AND FASTER TOO. A BREAK MAY GIVE OTHER PARTS OF THE BRAIN TIME TO PROCESS AND STORE THE INFORMATION. THIS MAY EXPLAIN PREVIOUS RESEARCH, WHICH FOUND THAT ANIMALS AND PEOPLE LEARN BEST WHEN INFORMATION ISN'T CRAMMED TOGETHER.

ACCORDING TO YALE UNIVERSITY RESEARCHERS, AMONG PEOPLE BETWEEN THE AGES OF 51 AND 61, BEING FIRED DOUBLED THE CHANCES OF HAVING A HEART ATTACK OR STROKE. THE AUTHORS SAY THE STRESS IS MADE WORSE BECAUSE OLDER INDIVIDUALS HAVE A TOUGHER TIME FINDING A NEW JOB DUE TO AGEISM IN THE WORKPLACE. THERE ARE EXPERTS THOUGH, WHO MAINTAIN THAT STRESS STILL IS NOT YET A PROVEN RISK FACTOR FOR CARDIOVASCULAR DISEASE. MANY THOUGH, WILL ARGUE IT CAN AFFECT THE DEVELOPMENT OF MANY CONDITIONS. POPPING ANTACIDS? YOU'RE NOT ALONE. THIS WEEK'S BRITISH MEDICAL JOURNAL REPORTS THAT IN WESTERN COUNTRIES, 25% OF PEOPLE REPORT HAVING HEARTBURN AT LEAST ONCE A MONTH, 12% AT LEAST ONCE PER WEEK, AND 5% DESCRIBE DAILY SYMPTOMS. WHY IT'S MORE OF A PROBLEM IN WESTERN SOCIETIES IS NOT CLEAR, ACCORDING TO THE AUTHORS. EAST ASIAN POPULATIONS HAVE ROUGHLY THE SAME HEARTBURN RATES. GENETIC FACTORS MIGHT PLAY A ROLE. CERTAINLY, OBESITY IS ALSO A FACTOR, A BIG PROBLEM IN OUR COUNTRY. NEW RESEARCH THIS WEEK SHOWS THAT HISPANIC AND BLACK PATIENTS ARE MORE LIKELY THAN WHITE PATIENTS TO HAVE A MORE ADVANCED STAGE OF MELANOMA AT THE TIME OF DIAGNOSIS. 16 PERCENT OF HISPANICS AND 31 PERCENT OF BLACKS WITH MELANOMA HAD CANCER THAT HAD ALREADY SPREAD TO OTHER ORGANS AND TISSUES AT THE TIME IT WAS DIAGNOSED, COMPARED WITH 9 PERCENT OF WHITES. THE AUTHORS SAY THIS DISPARITY IN STAGE AT DIAGNOSIS MAY CONTRIBUTE TO LOWER SURVIVAL RATES AMONG BLACKS AND HISPANICS. FINALLY, IF YOU'RE MUSCLES ARE ACHING AFTER A WORKOUT, WHY NOT TRY SOME CHERRY JUICE! A SMALL STUDY IN THE BRITISH JOURNAL OF SPORTS MEDICINE SAYS CHERRY JUICE CAN REDUCE MUSCLE PAIN AND DAMAGE INDUCED BY EXERCISE. FOURTEEN VOLUNTEERS WERE ASKED TO EITHER DRINK FRESH CHERRY JUICE BLENDED WITH COMMERCIAL APPLE OR TO DRINK A DUMMY MIXTURE CONTAINING NO CHERRY JUICE. THERE WAS A SIGNIFICANT DIFFERENCE IN THE DEGREE OF MUSCLE STRENGTH LOSS AND PAIN BETWEEN THOSE DRINKING THE CHERRY JUICE BLEND AND THOSE TAKING THE DUMMY MIXTURE. HAS YOUR CIRCLE OF FRIENDS SHRUNK OVER THE YEARS? YOU ARE NOT ALONE. A LONG TERM STUDY OF AMERICAN CULTURE FINDS THAT THE NUMBER OF CLOSE FRIENDS THE AVERAGE ADULT HAS HAS DROPPED 1/3 OVER THE PAST TWENTY YEARS. THAT MEANS EACH PERSON HAS ONE FEWER FRIEND THAN THEY USED TO. AND THE NUMBER OF PEOPLE WHO SAID THEY HAD NO ONE TO TALK TO ABOUT IMPORTANT MATTERS DOUBLED - TO ALMOST 25%. - ON THE PLUS SIDE, EVEN THOUGH THE TOTAL NUMBER DECREASED; PEOPLE WERE MORE LIKELY TO NAME THEIR SPOUSES AND PARTNERS AS CONFIDANTS TODAY THAN TWENTY YEARS AGO. EXPERTS SAY THIS DECREASE MAY BE BECAUSE OF CHANGES IN SOCIETY. PEOPLE TEND TO WORK LONGER HOURS AND MORE OFTEN USE IMPERSONAL TECHNOLOGY SUCH AS EMAIL TO KEEP IN TOUCH THAN THEY DID IN THE 80S. THEY SAY THAT NOT HAVING AS MANY CLOSE FRIENDS COULD MAKE US LONELY AND AFFECT OUR PHYSICAL AND MENTAL HEALTH - SUCH AS MORE HIGH BLOOD PRESSURE AND DEPRESSION. A DIP IN THE POOL FEELS GREAT, BUT IF THE WATER'S CONTAMINATED AND IT GOES IN YOUR EAR, YOU MIGHT END UP WITH A PAINFUL CONDITION CALLED SWIMMER'S EAR. BOY, IT REALLY HURTS. AND IT REALLY HURTS WHEN YOU OPEN AND CLOSE YOUR JAW, BECAUSE YOU'RE COMPRESSING THE CANAL. AND IT HURTS WHEN YOU PULL YOUR EAR. SWIMMER'S EAR IS NOT THE SAME AS A COMMON CHILDHOOD MIDDLE EAR INFECTION. IF WATER IS STUCK IN YOUR EAR, SKIN BEGINS TO BREAK DOWN. YOU CAN GET AN INFLAMMATION AND YOU CAN ALSO GET AN INFECTION BECAUSE OF THE DIRTY WATER THAT YOU GET IN THERE FROM AN INFECTED POOL OR INFECTED WATER. TO PREVENT SWIMMER'S EAR, THE CENTERS FOR DISEASE CONTROL AND PREVENTION RECOMMENDS THESE TIPS: *A POOL OR HOT TUB SHOULD HAVE GOOD CHLORINE AND PH LEVELS. *DON'T SWIM IN LAKE OR OCEAN AREAS CLOSED BECAUSE OF POLLUTION. *AVOID PUTTING OBJECTS IN YOUR EAR, INCLUDING FINGERS AND COTTON SWABS. DRY YOUR EARS AFTER SWIMMING. IF YOU CAN'T GET THE WATER OUT, PUT A COUPLE OF DROPS OF ALCOHOL OR SOME OTHER MEDICATION THAT HELPS DRY IT OUT. IF THE PAIN PERSISTS, SEE A DOCTOR. SWIMMER'S EAR CAN BE TREATED WITH ANTIBIOTIC EAR DROPS.

WHAT DO YOU DO WHEN YOU CAN'T FALL ASLEEP? "COUNT THE SHEEP." "JUST LAY THERE UNTIL I FALL ASLEEP." "OVER AND OVER AGAIN TRY TO GO TO SLEEP AND TRY TO FIGURE OUT WAYS TO GO TO SLEEP, AND I CAN'T SLEEP." "TOSS AND TURN." NOW TRUE, THESE ARE ALL APPROACHES THAT DON'T INVOLVE MEDICINE... BUT THEY ARE UNFORTUNATELY ALL THE WRONG THINGS TO DO! IN FACT, THEY FEED THE PROBLEM OF INSOMNIA. HOWEVER, THE GOOD NEWS IS THIS: THERE ARE WAYS TO GET A BETTER NIGHT'S REST...AND NOT USE MEDICINE. THE LATEST RESEARCH IN THE JOURNAL OF THE AMERICAN MEDICAL ASSOCIATION IN FACT COMPARED COGNITIVE BEHAVIORAL THERAPY INTERVENTIONS...WAYS TO CHANGE THE WAY ONE MENTALLY APPROACHES INSOMNIA....TO MEDICINE LIKE LUNESTA, THE POPULAR SLEEPING PILL. THE STUDY FOUND THOSE USING THE NON-MEDICAL TECHNIQUES HAD GREATER IMPROVEMENTS IN THEIR SLEEP THAN THOSE GETTING THE MEDICATION.

"WE TRY TO COMPARE WHAT THE PATIENT IS ACTUALLY DOING WITH WHAT THEY ACTUALLY NEED AND WE TRY TO SHOW THEM THE DIFFERENCES, THERE IS AN EDUCATION ASPECT TO IT AND THEN WE TRY TO CHANGE THEIR BEHAVIOR BASED ON THAT EDUCATE." WHAT WORKS IS INFORMATION ON SO CALLED SLEEP HYGIENE-HOW TO KEEP A COMFORTABLE SLEEPING ENVIRONMENT. "IT IS REALLY HOT IN THE CITY, REALLY STICK AND NO ONE HAS CENTRAL AIR." RIGHT, LIKE DOING EXACTLY THE OPPOSITE OF THAT. RESTRICTING SLEEP...I TURN AROUND AND COVER MY HEAD." AGAIN, NO, YOU GET OUT OF BED UNTIL YOU ARE TIRED AND READY TO FALL ASLEEP. THERE'S ALSO STIMULUS CONTROL. "WATCH TV, DO A LITTLE WORK." LIKE NOT DOING THAT. YES, LEARNING HOW TO FALL ASLEEP...AND HOW TO RELAX...CAN GO A VERY LONG WAY. DR. MANDEL POINTS OUT THAT WHEN COMPARED TO THOSE USING SLEEPING MEDICINE, PEOPLE WHO ARE TREATED WITH COGNITIVE BEHAVIOR THERAPY FALL ASLEEP EASIER, STAY ASLEEP BETTER, AND WAKE UP LESS.

"MANY PATIENTS WHO I SEE WHO ARE ON SLEEP MEDICATION COME TO ME TO TRY TO GET OFF OF THEM, AND SLEEP MEDICINES WILL ONLY GO SO FAR, SLEEP MEDICINES ARE GOOD FOR WHAT WE CALL ACUTE OR VERY SHORT TERM INSOMNIA, BUT PEOPLE WHO HAVE LONG TERM INSOMNIA THAT GOES ON FOR WEEKS, MONTHS OR YEARS, REALLY NEED TO RELY ON SOMETHING MORE THAN JUST DRUGS."

AIR CONDITIONING MAY KEEP YOU COOL AND COMFORTABLE, BUT DID YOU EVER THINK THAT IT COULD CONTRIBUTE TO MAKING YOU FAT? WHEN IT COMES TO PUTTING ON WEIGHT, SCIENTISTS THIS WEEK THEY SAY THERE MAY BE MORE TO BLAME THAN EATING SUPER SIZE PORTIONS AND COUCH POTATO PASTIMES. FOR ONE, THEY SAY INDOOR AIR CONDITIONING MAY BE HELPING TO KEEP ON THE POUNDS. ITS NOT JUST THE TEMPTATION TO STAY INSIDE, LOUNGING IN THE COOL AIR: KEEPING YOUR BODY COOL MEANS LESS SWEATING - AND LESS SWEATING MEANS YOU ARE BURNING MANY FEWER CALORIES THAN YOU WOULD IF YOUR BODY HAD TO WORK TO STAY COOL. THE HOTTER IT IS - THE MORE CALORIES YOU BURN-- EVEN WHEN YOU'RE SITTING STILL. ADDITIONAL FACTORS THAT COULD BE SLOWING METABOLISM ARE A LACK OF SLEEP, GENETICS, AND EVEN HORMONE DIFFERENCES IN THE WOMB. EVEN MEDICINE MAY BE WORKING AGAINST US. WEIGHT GAIN IS A

SIGNIFICANT SIDE EFFECT FOR MANY DRUGS INCLUDING COMMON ANTI-DEPRESSANTS, BLOOD PRESSURE MEDICATIONS, AND BIRTH CONTROL PILLS. ALTHOUGH THE EFFECT OF ANY ONE OF THESE FACTORS MAY BE SMALL, THE AUTHORS SAY THE COMBINATION COULD BE SUBSTANTIAL. WHILE A FOCUS ON DIET AND EXERCISE IS ALWAYS WISE, THEY SAY HEALTH PRACTITIONERS MAY ALSO NEED TO CONSIDER OTHER APPROACHES TO CONQUER THE OBESITY EPIDEMIC.
